BUREAU CIRCULAR NO. 1519

To All Members of the Bureau:

Re: SUBMISSION OF APRIL 1, 2007 LOSS COST FILING

Please be informed that the Bureau has submitted a filing of Pennsylvania loss costs, related rating values and Manual rule changes with a **proposed effective date of April 1, 2007**. That filing, Proposal C-352, proposes an overall average loss cost increase of 2.95 percent.

Policies issued with effective dates on and after April 1, 2007 must be qualified as carrying tentative rates and the Pending Rate Change Endorsement is to be used for this purpose. Note that such policies issued at current rates or on a "to-be-determined" basis must be endorsed subsequently with the new carrier rates.

In addition to April 1, 2007 loss costs and related rating values, the Bureau's filing also proposes an Employer Assessment Factor used to impose, collect and remit employer assessments consistent with provisions of Act 57 of 1997. It is proposed that the factor be revised from the currently-approved value of 0.0198 to 0.0192 effective April 1, 2007.

Overview of Filing Indication Components and Supporting Analyses

The filing analysis is limited to a review of loss cost experience and Bureau rating values. It does not address questions about whether carrier rates and premiums are either adequate or excessive or the extent to and/or direction in which carrier rates and/or premiums should be revised.

The filing's overall average indicated change in collectible loss costs is an increase of 2.95 percent. On a manual loss cost basis, the indicated change is +0.99 percent, exclusive of the impact of surcharges applied to manual loss costs for the following items:

- · Offsets for net Merit Rating Plan credits
- Offsets for Pennsylvania Construction Classification Premium Adjustment Program credits
- · Offsets for Certified Safety Committee credits
- · Assessment for the Office of the Small Business Advocate
- · Hepatitis C Virus Surcharges for selected classifications

Including the effect of these loadings, manual loss costs are proposed to increase 1.56 percent in order to maintain the revenue-neutrality of the credit programs listed above.

While details of the Bureau's filing package are available as described further in this circular, the following comments are provided to highlight key parameters underlying the proposed loss cost revision.

Bureau Circular No. 1519 Page 2

The filing separately addresses indemnity and medical benefits and further divides loss ratio trends (at Bureau loss costs) into frequency and severity components.

In deriving the proposed loss costs changes, the Bureau has applied an annual change in claim frequency

of –6.1 percent from Policy Year 2004 through the proposed effective period for the filing (April 1, 2007 to April 1, 2008). This rate of change measures indemnity claims per unit of on-level expected losses and was derived from an analysis of historical changes in claim frequency over a period of seven successive policy years (1998 – 2004 inclusive). Claim frequency decreased at annual rates of between 4.5 and 7.7 percent over the seven year period, with Policy Years 2002 being the lowest and 2003 being the highest.

The Bureau's estimates of annual claim severity trends are +5.9 percent for indemnity and +7.3 percent for medical.

As is the case in any pricing filing, the Bureau's loss cost change indication is sensitive to the accuracy of the selected values of experience parameters, here in particular the above-noted indices of claim frequency and claim severity. Differences that occur between filed parameters and actual experience can be compounded over successive periods, if such differences persist over time.

Filing Package

The Bureau's filing packages for the April 1, 2005 and April 1, 2006 loss cost revisions are available on the Bureau's website for review and reference purposes. Those filings will be retained on the website for reference and comparison to the current filing proposal, and the April 1, 2007 Loss Cost Filing package will also be made available on the Bureau website at www.pcrb.com. Installation of the April 1, 2007 filing package is expected to be completed within ten days of publication of this circular. These filing packages will be found in the "Filings" section of the website.

Members and other interested parties are encouraged to use the website to access any and all parts of the filing package for informational purposes. If hard copy of the filing package is requested, the Bureau will provide a single copy per requesting entity (i.e., carrier group, consulting company, etc.) subject to the following considerations:

Price per copy: \$300 for Bureau members \$450 for non-members

All parties are advised that requests for hard copy of the filing package will be held for up to two weeks to allow efficient processes in producing the required copies.

Insurance Department Review of Filing

The Insurance Department has assigned review of the April 1, 2007 Loss Cost Filing to Mr. Michael McKenney. Mr. McKenney may be reached at the mailing address, phone number and e-mail address shown below for purposes of making comments or asking questions about the status of the filing.

Carrier Filings

With respect to carrier filing procedures and requirements, the Insurance Department has again provided the following statement for distribution to all Bureau members:

NO ACTION is required of carriers intending to apply their current loss cost multiplier to the Bureau's new loss costs. A carrier wishing to change their loss cost multiplier will be required to make a filing with the Department. Act 44 requires all carriers to adopt Bureau loss costs upon approval by the Department. Otherwise, they must file their own loss costs which are subject to prior approval.

Carriers wishing to clarify the status of their current multipliers and/or to confirm filing requirements which will be applicable to their companies as prerequisites for the implementation of any specified schedule(s) of loss costs are strongly encouraged to consult with the Pennsylvania Insurance Department in that regard. For that purpose please contact Mr. Bojan Zorkic at the mailing address, phone number and e-mail address shown below:

Act 86-1986

Act 86-1986 included a section requiring notice of increase in premium. The full details of that Act were covered in Bureau Circular No. 1156, dated September 12, 1986.

Pennsylvania law requires any policy of insurance not written on a retrospective rating plan and covering commercial property or casualty risks in Pennsylvania to provide for not less than 30 days' notice of the intent to increase the insured's renewal premium. Endorsement WC 37 06 03 should be used for purposes of providing the required notices to affected policyholders.

Attached hereto is a table which includes the current Bureau April 1, 2006 loss costs, the **PROPOSED** April 1, 2007 loss costs and the proposed percentage changes in loss cost by risk classification. All loss costs in the attached table include loss-based assessments, Merit Rating Plan credit offsets and proposed Certified Safety Committee credit offsets. Construction classification loss costs also include Pennsylvania Construction Classification Premium Adjustment Program (PCCPAP) loadings. Four classifications' proposed loss costs include surcharges to recognize the increased potential for Hepatitis C claims under the provisions of H.B. 1633. The classifications so affected are 807, Ambulance Service – Non-Volunteer, 985, Policemen/ Firemen, 993, Volunteer Ambulance Corps, and 994, Volunteer Fire Companies.

Please be reminded that the April 1, 2007 PROPOSED loss costs, if applicable, will be adjusted by individual carriers' loss cost multiplier(s) to determine rates and premiums. Further, carriers may base their rates on loss costs that differ from those approved pursuant to a Bureau filing(s) for some or all classifications. Therefore, in your use of the attached table it may not be appropriate simply to compare the April 1, 2006 and PROPOSED April 1, 2007 loss costs in determining whether an Act 86 notice may be indicated.

<u>Update Procedures</u>

In complying with prevailing statutory requirements pertaining to rating value filings, the Bureau is keenly mindful of the importance of timely submission, adjudication and implementation of revised rating values. Toward the objective of providing advance notice of at least 60 days to insurers and employers of forthcoming changes in rating values, the Bureau submitted its April 1, 2007 Loss Cost Filing on November 28, 2006. While the Bureau will continue to work in cooperation with the Pennsylvania Insurance Department to accomplish an expeditious review of the filing and a timely determination about revisions in rating values effective April 1, 2007, the Bureau cannot preordain the time at which a final determination will be made on any filing. In order to assist members in understanding what has occurred and what remains to be done toward approval of Proposal C-352, the Bureau will provide a circular update regarding the status of this filing at the end of January 2007 in the event that a decision regarding this filing has not been issued by that time. It is expected that this update and similar subsequent announcements, if needed, will keep all members informed about the status of this filing and avoid uncertainty among members as to whether an action may have occurred with respect to the filing that escaped notice in their company.
