

BUREAU FILING NO. C-361 -

APRIL 1, 2012 LOSS COST FILING

Proposed Changes to Manual Language Reflecting Elimination of Hazard Groups 1 - 4

Classification hazard group assignments were revised and expanded to seven hazard groups effective April 1, 2009. At that time PCRB provided a mapping of the seven hazard groups into four, numbered 1-4, as part of a transition program to allow carriers sufficient time to modify their systems to accommodate the increased number of hazard groups.

As part of the April 1, 2012 Loss Cost Filing, the PCRB is only supporting the seven hazard groups introduced April 1, 2009. The selected Manual revisions reflect the proposed elimination of the transition program supporting Hazard Groups 1-4.
